

2011-2012 CHINA HS CODE CONVERSION

The big changes in the Harmonized System Nomenclature occur every five years. This Conversion Catalog of China Customs Import & Export Tariffs of 2011-2012 is issued by the Department of Duty Collection of China General Administration of Customs for readers to understand the changes made to HS codes and commodity scope in 2012's Harmonized System.

The amendment of 2012 is coming! It will be effective from 1 January, 2012.

ETCN will be the first media to release China's tariff rates and customs import regulation changes in English for 2012!

The contents available to you now are part of 2012 HS Conversion Catalog, free of charge. To get the full version and know more about the updates therein, just join us as [Basic Member](#), which has the right to use updated HS code tariff & duty online search tool, or [Premium Member](#), which is entitled to use advanced Customs info search tool, get detailed information, and enjoy one-on-one consulting services. You are bound to find useful information you need.

To provide you with the most satisfying services is our consistent pursuit and noble goal.

Best wishes to you for a merry Christmas and a happy New Year!!

① “2012 Hard Conversion” refers to a conversion where one-to-one correspondence is made between the altered contents in 2011-version Chinese Import & Export Tariffs and those in its 2012 version;

② “2012 Soft Conversion” refers to a conversion where appropriate adjustments are made to the alterations under “2012’s hard conversion” upon their conversion into Chinese Import & Export Tariffs in the light of China’s taxation and trade policies, duty rates, import/export volume, and so on.

The correlations of Chinese sub-headings and tariff rates for 2012 aim at facilitating the HS code conversion and is for your reference only.
